

Dear Korean Service Veteran,

Below is a questionnaire pertaining to service in Korea to help us gather statistical information in our ongoing efforts to correct the wrongs and to assist in declassifying many missions in Korea so that veterans such as you will be able to gain the benefits and services needed from the VA System.

This questionnaire is anonymous, you do not need to provide personal contact information if you're not comfortable with this.

However, if you do provide personal contact information it will be kept 100% confidential, will not be given to any member of Congress, the VA or the DoD, nor will it be sold to any company for any reason what-so-ever.

Statistical information will be used to compile a report to submit to various members of Congress in our efforts to declassify all missions 25 or more years ago so that all veterans can apply for and gain the much needed benefits and medical care/services needed and long over due.

If you do provide personal contact information we'd only contact you if additional information was needed to complete our mission as stated.

If you have any questions or concerns, please feel free to E-Mail myself or you can call me in the office seven days a week 8am-8pm PST at the number listed below. Once you have completed the questionnaire please print it and mail to the address at the end of page 2, or you can save or scan it and send it back as an attachment to the email address below.

Welcome home, and thank you for your service to our country, and thank you in advance for your participation in this fact finding mission to open the benefits door for all.

Respectfully,

Jim Davis
President
Jim.davis@veterans-for-change.com

Questions About Korean Service

1	What Dates did you serve in Korea?															
2	What Branch of Service were you in when you served in Korea?															
3	What Unit(s) were you assigned to in Korea?
