

The DVA put out their Compensation and Pension Bulletin for January 2010 and it has the following information that may affect some of you:

Policy (211)

[Information on Vietnam Naval Operations](#)

Compensation and Pension (C&P) Service has initiated a program to collect data on Vietnam naval operations for the purpose of providing regional offices with information to assist with development in *Haas* related disability claims based on herbicide exposure from Navy Veterans. To date, we have received verification from various sources showing that a number of offshore “blue water” naval vessels conducted operations on the inland “brown water” rivers and delta areas of Vietnam. We have also identified certain vessel types that operated primarily or exclusively on the inland waterways. The ships and dates of inland waterway service are listed below. If a Veteran’s service aboard one of these ships can be confirmed through military records during the time frames specified, then exposure to herbicide agents can be presumed without further development.

All vessels of Inshore Fire Support [IFS] Division 93 during their entire Vietnam tour

USS Carronade (IFS 1)

USS Clarion River (LSMR 409) [Landing Ship, Medium, Rocket]

USS Francis River (LSMR 525)

USS White River (LSMR 536)

All vessels with the designation LST [Landing Ship, Tank] during their entire tour [WWII ships converted to transport supplies on rivers and serve as barracks for brown water Mobile Riverine Forces]

All vessels with the designation LCVP [Landing Craft, Vehicle, Personnel] during their entire tour

All vessels with the designation PCF [Patrol Craft, Fast] during their entire tour [Also called Swift Boats, operating for enemy interdiction on close coastal waters]

All vessels with the designation PBR [Patrol Boat, River] during their entire tour [Also called River Patrol Boats as part of the Mobile Riverine Forces operating on inland waterways and featured in the Vietnam film “Apocalypse Now”]

USS Ingersoll (DD-652) [Destroyer] [Operated on Saigon River, October 24-25, 1965]

USS Mansfield (DD-728) [Destroyer] [Operated on Saigon River August 8-19, 1967 and December 21-24, 1968]

USS Okanogan (APA-220) [Attack Transport] [Operated on Saigon River July 22-23, 29-30, 1968 and August 5-6, 1968]

USS Niagara Falls (AFS-3) [Combat Stores Ship] [Unloaded supplies on Saigon River and Cam Rahn Bay, April 22-25, 1968]

If you served on any of these ships during the periods specified contact your Regional Office and direct their attention to there own Compensation & Pension Bulletin for January of 2010. If you are using a Veterans Service Officer as a representative, have him drive both of you to the Regional Office and take a printout of this notice.

There is no reason for the DVA to hold the claims of anyone who served on the above listed vessels during the indicated time frames.

I will note, three of the Destroyers are from DesRon 12, home ported in Newport, RI, and made the trip around the world in 1966 to provide combat support to forces fighting the NVA and the VC in Vietnam. USS Basilone, USS Richard E. Kraus, and USS Fiske are the three. We have members who served on Basilone and Fiske.
